

The listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Original) A liquid crystal display apparatus comprising:

a first plastic substrate;

a light-emitting device formed over the first plastic substrate;

a resin covering the light-emitting device;

a semiconductor device formed on the insulating film;

a liquid crystal cell electrically connected to the semiconductor device; and

a second plastic substrate,

wherein the semiconductor device and the liquid crystal cell are formed between the first plastic substrate and the second plastic substrate.

2. (Original) A liquid crystal display apparatus comprising:

a first plastic substrate having a concave portion;

a light-emitting device formed in the concave portion of the first plastic substrate;

a resin formed in the concave portion to cover the light-emitting device;

an insulating film formed on the resin;

a semiconductor device formed on the insulating film;

a liquid crystal cell electrically connected to the semiconductor device; and

a second plastic substrate,

wherein the semiconductor device and the liquid crystal cell are formed between the first plastic substrate and the second plastic substrate.

3. (Currently Amended) A liquid crystal display apparatus comprising:

a first plastic substrate;

a metal film formed on the first plastic substrate;
a light-emitting device formed over the first plastic substrate;
a resin covering the light-emitting device;
an insulating film formed on the resin;
a semiconductor device formed on the insulating film;
a liquid crystal cell electrically connected to the semiconductor device; and
a second plastic substrate,
wherein the semiconductor device and the liquid crystal cell are formed between the first plastic substrate and the second plastic substrate.

4. (Currently Amended) A liquid crystal display apparatus comprising:

a first plastic substrate having a concave portion;
a metal film ~~[[and]]~~ formed over the concave portion;
a light-emitting device formed in the concave portion;
a resin formed in the concave portion to cover the light-emitting device;
an insulating film formed on ~~[[with]]~~ the resin;
a semiconductor device formed on the insulating film;
a liquid crystal cell electrically connected to the semiconductor device; and
a second plastic substrate,

wherein the semiconductor device and the liquid crystal cell are formed between the first plastic substrate and the second plastic substrate.

5. (Original) A liquid crystal display apparatus according to any one of claims 3 and 4, wherein the metal film is sand blasted.

6. (Original) A liquid crystal display apparatus according to any one of claims 1 to 4, wherein the liquid crystal cell is transparent to light.

7. (Original) A liquid crystal display apparatus according to claim 1, wherein the light-emitting device is a light-emitting diode.

8. (Original) A liquid crystal display apparatus according to claim 7, wherein the light-emitting diode is connected to an FPC and supplied with current via the FPC.

9. (Original) A liquid crystal display apparatus according to claim 2, wherein the light-emitting device is a light-emitting diode.

10. (Original) A liquid crystal display apparatus according to claim 9, wherein the light-emitting diode is connected to an FPC and supplied with current via the FPC.

11. (Original) A liquid crystal display apparatus according to claim 3, wherein the light-emitting device is a light-emitting diode.

12. (Original) A liquid crystal display apparatus according to claim 11, wherein the light-emitting diode is connected to an FPC and supplied with current via the FPC.

13. (Original) A liquid crystal display apparatus according to claim 4, wherein the light-emitting device is a light-emitting diode.

14. (Original) A liquid crystal display apparatus according to claim 13, wherein the light-emitting diode is connected to an FPC and supplied with current via the FPC.

15. (Original) A cellular phone having the liquid crystal display apparatus according to any one of claims 1 to 4.

16. (Original) An electronic book having the liquid crystal display apparatus according to any one of claims 1 to 4.

17. (Original) A wrist watch having the liquid crystal display apparatus according to any one of claims 1 to 4.

18. (Original) A personal computer having the liquid crystal display apparatus according to any one of claims 1 to 4.

19. (Original) A front glass having the liquid crystal display apparatus according to any one of claims 1 to 4.

20. (Original) An electronic card having the liquid crystal display apparatus according to any one of claims 1 to 4.

21.-45. (Canceled)
